Isle of Ireland: Guess Where We Are

How well do you know Éire? Our team is hard at work creating the Isle of Ireland for Euro Truck Simulator 2, and we've got some early work in progress screenshots to share with you!

We know our community has a sharp eye, so we're putting you to the test to guess where in Ireland these screenshots were taken. They are based on real life locations being recreated in detail for this DLC, so if you know the area, or have some geo-guessing skills, you might just recognise where each one is from.

We'd love to hear your guesses, so be sure to share them in the blog comments below, on our social media channels, or even on our official forum.

American Truck Simulator: Illinois

Looking great so far!

I emailed your press email a couple of weeks ago, I live a few minutes away from Rosslare Europort, and can provide ground shots, and drone shots of the port if you need them, it's changed quite a bit in the last 18 months. I can also show where some of the local transport companies are in the immediate area
